

The Canadian Trade Commissioner Service

Everywhere you export

Diversify to new markets

Are you ready for commercial expansion abroad? We can help you get there.

Funding Support

The TCS offers a variety of non-repayable funding programs to help eligible Canadian organizations expand their international footprint:

- [CanExport](#): Supports Canadian companies to explore new markets for their products and services and promote their international business development efforts.
- [Global Opportunities for Associations \(GOA\)](#): Helps national associations undertake new or expanded business development activities, in strategic markets and sectors, for the benefit of an entire industry.
- [Canadian International Innovation Program \(CIIP\)](#): Supports collaborative industrial research and development between Canadian SMEs and foreign partners in Brazil, China, India, Israel, and South Korea.
- [Going Global Innovation \(GGI\)](#): Helps Canadian innovators to meet with foreign collaborators to commercialize their technologies through joint research and development opportunities.

Programs & Initiatives

The TCS provides a wide range of programs and initiatives to help Canadian companies to capitalize on new business ventures around the world:

- [Canadian Technology Accelerators \(CTA\)](#): Supports high-potential technology companies to expand to new markets through workshops, mentorship and business introductions.
- [Business Women in International Trade \(BWIT\)](#): Offers support, products and services to help women entrepreneurs and women-owned businesses to internationalize and grow their companies.
- [Trade events in Canada and abroad](#): Help connect with potential buyers or partners at industry trade events through export cafés, matchmaking and pre-arranged business-to-business meetings.
- [Canada Trade Missions](#): Provide a cost effective market-entry vehicle for participating SMEs who learn about local business culture and doing business in new markets.
